

# SALON VIP The VIP Room

Styles for you to enjoy...and dream of.

### 🎨 Hair Color Trends

- **Melted Brunettes:** Soft, graduated tones—like espresso or cool-toned chocolate—that create an expensive, dimensional shine without harsh lines.

We were excited to attend the Hair Festival in Sydney and will report on new styles and innovations when we are back. At the moment we are in the snow, well no snow right now and enjoying time with the family.

**The VIP Room will reopen on July 14.**

*Happy birthday to all those born in July.*
